

Extra Credit Project Opportunity!

Points earned for this task may be used to help raise your overall project grade. Create a comic strip with a partner or on your own. The comic strip will illustrate what a clerk and customer say in one of the following situations: a clothing store (tienda de ropa), paper supply store (papeleria) or a market (mercado). Include an appropriate beginning and end to the conversation.

Before drawing your cartoons, get a rough draft of the conversation approved by Señora Borich. Once approved, use paper (from Sra B) to draw the cartoon frames and speaking bubbles.

Due date: December 17
